PREFACE.

THE BERNARD FREE LIBRARY was opened on the 21st February 1883, and was named after its founder and patron, the late Sir Charles E. Bernard, then Chief Commissioner of British Burma. Associated with its establishment is the name of Sir John Jardine, then Judicial Commissioner of British Burma and President of the Educational Syndicate. To him the Library is indebted for the encouragement it received in many ways and specially for a large gift of books known collectively as the "Jardine Gift."

The Library received a valuable accession of books in 1887, by the transfer to it of the Rangoon College Pali Library, containing a number of works belonging to the late Professor Childers. A special department known as the Pali Manuscript Department was added in 1887-88. It now consists of upwards of 5,000 works separately catalogued.

The aim of the Library was set forth by its founder in the following words: "The object of such a library is to enable scholars and students, especially poor scholars and students, to consult books of reference, and to prosecute researches beyond the compass of a private library." The Library has been chiefly maintained by an annual Government grant. Donations of suitable books will be thankfully accepted and acknowledged. Endowments from private sources would materially help to place the Library on a status befitting the capital of the important and rising Province of Burma.
